Objective MBA candidate and IT graduate with hands-on experience in AI, cloud platforms, and data analytics. Eager to apply technical and business skills to deliver impactful solutions and support organizational work during an internship in AI, Data Analytics, or IT.

Education **University of Nebraska at Kearney**
Pursuing a Master of Business Administration – Expected Graduation: May 2027
Graduate Assistant, Office of Academic Innovation

Bachelor of Science Degree in **Information Technology**, minor in **Data Analytics**: May 2025 – **GPA:3.31**
Relevant Coursework:
Big Data Visualization • Predictive Modeling • Web Application Development • Database Systems • System Administration • eCommerce Information Systems • Principles of Management

Experience **Graduate Assistant – Office of Academic Innovation, University of Nebraska at Kearney** | Aug 2025 – Present

- Lead enterprise ChatGPT EDU implementation, managing licenses and onboarding faculty/students.
- Create custom GPTs tailored for academic and administrative use, improving digital workflows.
- Designed AI-based resources (prompt guides, chatbot support) increasing faculty adoption.

Administrative Officer – Nebraska Safety Center, University of Nebraska at Kearney | 2023 – 2024

- Managed statewide driver safety initiatives and transportation programs.
- Mapped routes for driver's license training and examinations across Nebraska.
- Improved efficiency of driver training programs through process redesign.

Data Analytics Intern – International Finance Corporation (World Bank Group), Dushanbe, Tajikistan | 2024

- Conducted exploratory data analysis on large Excel datasets related to local banking operations.
- Built visualizations to support decision-making and present insights to stakeholders.
- Gained exposure to business administration processes and banking systems, motivating pursuit of an MBA.

UNK AI Chatbot – Intelligent Campus Assistant Project (2025 – Present)

- Tech Stack: Python, Flask, WebSockets, React.js, Tailwind CSS, MongoDB, Pinecone, OpenAI GPT
- Built a full-stack AI-powered chatbot deployed on UNK's website to assist students and staff with academic and administrative queries in real-time.
- Impact: Reduced support load, improved student access to resources, and set campus-wide adoption.

President – Men's Soccer Club, University of Nebraska at Kearney | 2022 – Present

- Founded and managed a competitive soccer club with 20+ members.
- Secured funding and organized intercollegiate matches against teams from 10+ states.
